

Jagriti

Vol-2, 2021-22

The Annual Newsletter of
Bir Raghav Moran Government Model College, Doomdooma

AIMS AND VISIONS

Stressing on a full blown infrastructure in such way so that courses are relevant in the present world.

To stress on economic independence of students.

Promoting our culture as a means for economic development.

Stressing on all round development of students.

Encouraging students for participation in academic along with extracurricular activities.

Imbibing social responsibility in our students.

Enhancing job opportunities for the students and also introducing a placement cell.

Message from the Principal

Greetings to the readers! It is with great pride and pleasure that I present to you the second edition of the official newsletter of Bir Raghav Moran Government Model College titled, *Jagriti*. We have successfully traversed one academic year both blessed with opportunities and riddled with challenges. As the head of the institution, I hail the enterprising spirit of the Bir Raghav Moran Government Model College, Doomdooma family and especially congratulate the editorial team for their hard work and efforts in bringing out the annual newsletter for the year 2021-22.

The college newsletter, I believe, is indeed a big step forward in providing extensive exposure to the variegated activities and endeavours of the college. The second edition of *Jagriti* is a rich documentation of all activities, initiatives and accomplishments of our college in the last one year. Reading through it makes us proud as an institution as we realise how far we have come overcoming one challenge after another and also seizing various opportunities on our way. Be it capacity building, co-curriculars, infrastructure or academics - we have certainly made progress, hugely in some areas and not that well in some others. But the fact remains, given the situation that we were in at the beginning of this college, we have been ever-growing, we may have slowed down in some quarter but we have never been static. As hinted above, the session 2021-22 for our college has been a mixture of both success and challenges. More than half of the time period of our maiden academic session had to be run from our homes due to the Covid-induced lockdown. We have not shied away from our duties. Our teachers have provided regular, interactive virtual classes to students and even managed quite successfully, the conduction of extra-curricular activities (contests, celebration of events, webinars etc). We have registered growth and mitigated some of the long-standing issues like grant of permanent land of the college, building of temporary classrooms, furniture and seating arrangements for both teachers and students, drinking water facilities etc. Further as documented in the news letter, our college has been at the forefront in collaborating with prestigious government agencies in the organisation of various awareness programmes ranging from electoral literacy and career opportunities to child rights and mental health awareness. However, I would have to admit that we have indeed perceived some setback in academic performance of the students but this is certainly not without a reason. Due to the dire unavailability of infrastructure and necessary facilities in our college in the initial year, the students were not able to showcase the best of their abilities but this is sure to change as we move forward with all these challenges little by little. Herein, I would like to make a striking observation: despite a minor setback in academic field, a substantial group of students show extraordinary talent in sports and other co-curriculars. In that direction, I believe proper amenities and infrastructure for these students could assist in honing their talents and could turn them into state and national pride.

All things considered, the future does look bright for Bir Raghav Moran Government Model College, Doomdooma. Once again, I express my gratitude to the newsletter team and I am sure this edition of *Jagriti* will send a positive note to all the stakeholders and encourage the wider public in registering greater faith on us as harbingers of positive social change.

Dr. Amorjit Saikia

GOVERNMENT OF ASSAM

MESSAGE

I extend my warm wishes to the Principal, all the faculty members, Newsletter committee of Bir Raghav Moran Govt. Model College for putting their best efforts to bring out the 2nd edition of Official Newsletter "Jagruti".

I hope the newsletter will not only serve as an apt mirror showcasing the initiatives and accomplishments of the college but also provide wider visibility, exposure and direction to the college and its variegated endeavors. I am glad that the newly established college has grown in all dimensions embracing both academics and co-curricular aspects. I take this opportunity to mention that one of the long-standing issues relating to allotment of permanent land for the college is now resolved and the process of building the campus has been initiated. I hope the college will mark its presence with academic excellence and social responsibility in the coming days. With this positive note, I, once again, congratulate the college staff and students and especially the editorial team on the successful publication of the second edition of "Jagruti". I anticipate more such constructive initiatives on your part in the near future.

My best wishes to this budding institution. I hope that the college duly accomplishes its vision and mission thereby, emerging as an exemplary educational institution of this area.

Date: 27/07/2022.

MESSAGE

It gives me immense pleasure to offer my sincere and heartfelt felicitations to the entire staff and Principal of Bir Raghav Moran Government Model College, Doomdooma on the occasion of the inauguration of the second official newsletter, Jagruti for the session 2021-22. In my official capacity, I have been a witness and a constant company in all the formative milestones of this educational institution. I am extremely elated that despite being at a budding stage and with the host of challenges the college faces, the staff, students and the faculty members harbour such an enterprising spirit, clearly visible in their successful efforts towards bringing out the second official newsletter of the institution among other activities and initiatives.

Editorial

Bir Raghav Moran Government Model College, Doomdooma, in its maiden journey of two years, has achieved quite a significant social recognition due to the persistent effort of making it an institution of excellence and integrity. So far being on a very small temporary campus, the college has been facing all sorts of problems regarding land issues, infrastructure, amenities, office staff, electricity, water supply and what not. In spite of all such hurdles and challenges, due to sheer dedication, enthusiasm and strategies of the Principal and the teachers, the college has contributed a lot in meeting the educational needs of the greater Doomdooma region. Along with regular classroom activities, the college has been arranging various academic, cultural, sports and awareness programmes to make it an active and vibrant campus with friendly and collaborative participation of the entire college fraternity. Keeping these objectives and vision in mind, the college has been publishing an annual newsletter named 'Jagruti' from 2021 to document all the activities of the past year and it is a great pleasure and honour for me to work as the editor of the second volume (2021-22) of this newsletter.

I am deeply grateful to our Principal Dr. Amorjit Saikia for bestowing this noble responsibility on me and also thankful to the entire team of 'Jagruti' and all the colleagues for their prompt support and encouragement in publishing and inaugurating the newsletter on the Foundation day of the college on July 31, 2022.

AMENITIES

Canteen – "RUPAI AAKHOL" :

The college has canteen with beautiful ethnic architecture. The canteen has been constructed from the donations of Students and college fraternity. The college has undertaken the scheme of promoting Self Help Groups of the surrounding area as a part of institutional responsibility towards the society. As a result of this Shristi-SHG has been given a platform to empower themselves economically.

Library :

Despite of being in a temporary college campus the institution has set up its central library with good number of books. The library is open from 9.00 am to 4.30 pm everyday for the students as well as all the members of BRMGMC, Doomsdooma

Student Facilitation Centre :

Under Learn and earn project of the college some of the students of our college has opened a "Student facilitation Centre". The centre provides different services like low cost printing and xerox facility, Assistance to the students in the time of Admission, Examination Form fill up, Registration etc. Apart from that some of the items like stationeries, water bottles, coffee etc. are also available there.

Drinking Water facility :

The college is providing R.O water facility to its students in its temporary campus.

Xerox and printing facility :

The needy students are provided with the facility of xerox and printing at a minimal cost or sometimes at no cost at the Office.

First-aid facility :

The health club of the college is providing first-aid facilities to its students.

Sanitary PAD BANK :

The Women's cell of the college has set up a sanitary pad bank to maintain hygiene of the girl students and female staff members of the college. The bank provides sanitary pad at Rs 5 per pad and uses the accumulated sum of money to restock the bank. All the members of the Women's cell look after the bank.
